# BRANCA F.R.

## DESCRIPTION

Branca is a high end double-weave semi-transparent curtain fabric, in which horizontal mesh borders alternate with natural linen-look sections. The linen-look sections are accentuated with vertical lines in complementing colors. The varied transparencies of the different woven sections interact and play with the light. As a result the different woven sections create a variety of subtle incidents of lighting. Branca drapes smoothly. Branca is available in 3 striking color combinations.
