MAJESTIC F.R.

DESCRIPTION

Majestic F.R. is characterised by its marble print in natural or rich colours. Besides being an eye-catcher, this fabric also has properties that are not immediately visible. For instance, Majestic F.R. has flame-retardant qualities and is sound-absorbing. The luxury of this fabric is enhanced by the fact that it is a velvet quality. The piles make the fabric extra soft. Because it is a roomhigh fabric, it can also be made as a wave curtain.
