## MANY F.R.

## DESCRIPTION

Many is a transparent fabric with a fine multicolour stripe pattern. The fabric is yarn dyed, which means that the back side is just as brightly coloured as the front. This makes Many suited as a room divider curtain. This sheer fabric hangs smoothly and the weight cord at the bottom allows it to fall perfectly into the pleat. Many is available in orange tones and green tones. Part of the composition is made up of recycled PET bottles.
