METALLIC F.R.

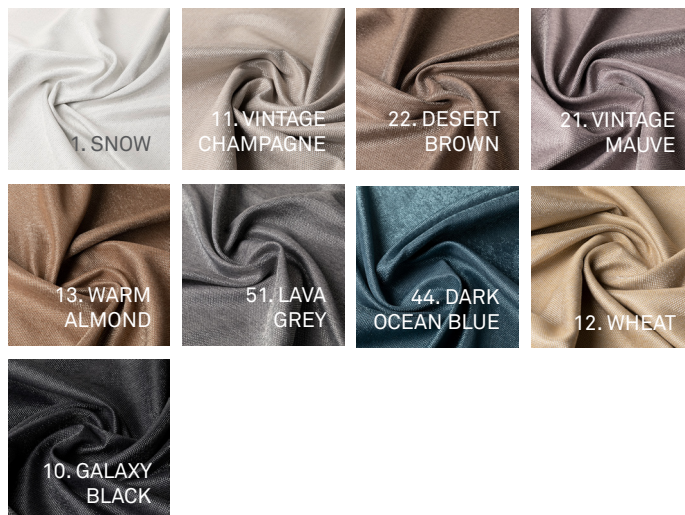

DESCRIPTION

Metallic is a voluminous, acoustic dim-out curtain fabric. Metallic has a beautiful sparkling structure on the front side and a flat matt back. The high-gloss yarns on the front side give Metallic a rich look of precious metal.

The technical double faced fabric allows multiple creative possibilities in confection. This fabric can be used on both sides. When the curtain is draped the high-gloss yarns will reflect the light in multiple directions which gives lively subtle different color depths.

Metallic is a perfect combination with the semi-transparent curtain fabric Metropole. Metallic is available in 9 inspiring colors.

AVAILABLE COLORS

SPECIFICATIONS

Height/width	150 cm
Colors	9 colors
Composition	100% polyester
Weight gr/m1	529
Weight gr/m2	353
