SUPREME F.R.

DESCRIPTION

Supreme F.R. is a velvet fabric that is not only flame-retardant, but is also part of the acoustic curtain collection. This means the fabric absorbs sound waves, making the room you are in feel quieter and more pleasant. The fabric is roomhigh and therefore suited for wave confection. With a dim out lining, it is also fitted for bedrooms. With its chic appearance and soft feel in rich colours, Supreme F.R. is an upgrade for any room!
